2. Principal's Report

2020 Summary

- Reinvented ourselves and the whole community has come together
- The teachers have had to be creative and go above and beyond
- School was finding out things at the same time as the community so the whole school and teachers had to think on their feet
- Tried to minimise the anxiety for the kids and the school community came together
- Felt really supported by our families
- Had some of the highest attendance in the State.
- COVID has brought that sense of togetherness with the school. Tried to give the kids a good learning experience.

Reports

- Week 9 – parents will get them

Changes to NSW Education Policy

- More centralised model rather than local school, local decision
- Schools have mandatory performance targets in a range of topics
- Situational Analysis – comprehensive assessment of what we do well vs the education excellence framework
- If we don't meet those targets, the Dept of Education will come in and work to change that
- Community might not be able to have much say in how the framework is applied in your area.

School Hours changing

- 2022 – the hours will start at 9am and finish at 3pm.

Staff and Classes for 2021

- Looking at almost 15 classes – need another 2 or 3 students
- 3 kindy classes
- New Assistant Principal – Natalie Dolan. AP for each stage.
- 2 new teachers
